### Customs Clearance

Custom clearance has special importance everywhere in the world, but here in Egypt, due to a very elaborate customs' laws, tariffs and regulations; it is crucial and requires efficiency and special know-how.

We maintain close contacts with customs and overseas trade authorities and always keep up to date of the latest developments in procedures and regulations.

### Our Services:-

#### Supply Chain Management Services

If you're willing to import any product and want to open a new market for it, we can help you from finding the targeted product in a proper price and quality to proceeding with the

purchasing and exporting process ( packing, sorting, labeling, pre-trip inspection ) providing you with the all required documents and following-up till you receive your shipment.

### Warehousing

- Container Loading/Stuffing and Container Unloading /Unstuffing.
- Pallet Storage – Long Term and Short Term Storage (including overflow & seasonal).
- Packing, Sorting, Labeling.
- Pre-Trip Inspections.
- Import and Export Ocean Container Consolidation.
- Air Freight Consolidation and Deconsolidation.

### Quality Policy:-

### **Reliability**

We invest in developing long-term relationships with our clients; we use our experience to provide them with the highest quality service at all times. Our clients know well that they can trust us to do what we said will be done, when it's said to be done. Quite simple once they entrust their business to us we treat it as our own business.

### **Flexibility**

No matter how large or small the freight, one-off or a regular consignment, we can manage the whole process for you.

### **Realistic approach**

At WFE we aim to fully understand the requirements of our customers. we believe that it is only successful by doing this, that we provide the best possible service. We aim to operate as an extension of your operation, not just as a supplier, taking a proactive, flexible approach and delivering highly competitive tailor made logistics solutions. We take a practical and realistic approach. No matter how big or small the job, simple or complex, we will carefully calculate the optimum logistics solution and the time involved. We will work with you to develop an efficient, practical and realistic solution.

### **Cost saving**

WFE is truly independent - free to seek out the very best routes, rates and services for our customers. our experience means that we can select the best modes of transport and routes for your consignments. in addition, the volumes of business that we handle mean that we can negotiate the best possible rates for you. as a result, you benefit from the most efficient and cost effective service possible .
