Our Approach

Why Choose Us

Efficiency, speed, precision, and safety are the defining attributes of Basstop Integrated Services Limited. For fortune 500 companies as well as SMEs to be competitive in their various business environment, they need to be able to move their goods and services effectively so as to meet the demands and needs of their customers. We at Basstop Integrated Service Limited do not only concern ourselves with improving the logistic sector of the Nigerian economy through the provision of innovative and global standard services, but we also ensure that the interest of our clients across the globe are well protected by our show of expertise when delivering our services. We take pride in not only meeting the expectations of our clients through customer satisfaction, but surpass them with delight by providing advanced customer-specific solutions through our value-creating services in supply-chain management.

Our teams of dedicated and experienced professionals are always ready to provide you with tailor-made logistic solutions that are specific to meet your logistic needs, with the mindset of having the right item in the right quantity at the right time at the right place for the right price in the right condition to the right customer.

We understand the value of our clients; that is why we employ a method of transparency in our business approach. With a constant human relation that is enhanced by a high standard technology, our goals of always keeping our client in charge and involved all the way while we do the work for them is achieved without stress.

CORPORATE STATEMENTS

Our Mission

Applying a mix of expertise, innovation, flexibility and technology in the provision of safe and qualitative service with a great degree of care in the shortest time possible for a long time benefit of our client.

Our Vision

Our vision is to be the standard in the logistic industry while setting the pace as the leading logistics and relocation service provider in Africa.

Our Aims & Objectives

To build a lasting legacy that will remain consistent in quality logistics and relocation service provision.

To always delight our customers with our expertise which we derive from our group of highly self-motivated and professional staff.

To always build and retain trust and the patronage of our clients at all times

To build a reputable company and be the leader in providing leading edge innovative solutions in logistics.

In an ever expanding world where limitless opportunity abounds, we realize that there is no limitation to what can be achieved. That is why we provide a vast range of services in the logistics and transportation industry:

Packing and Removal Services

Our packing and removal services are tailored to accommodate your timeline, budget and all your movables. With our tailored-made packing and removal services, we will take care of the loading, transportation and unloading phases and in some cases, warehousing. Basstop Integrated Services manage the each project from start to finish with a comprehensive planning, implementation, and execution. As an added value, we also unpack everything arranging them in the right place as you want them. We have created several flexible option for our client to choose from.

OUR SERVICES

We also provide consultation services as regards packing and removal of movables from one location to another. This includes home relocation services, industrial relocation, office relocation, construction debris removal, toxic waste removal and medical waste removal. We also make available the supplies and support tools needed in delivering these services. Our aim to make packing and removal easy and stress free is achieved by helping our clients maximize resources to the best of their advantage as we deliver our services while using global standards as a benchmark and keeping our clients apprise of every step of the way. One of our core strength is in home and office packing. We understand that office and home furniture is usually extremely delicate and it requires a high level of expertise. Therefore, our thoroughbred and experienced staff takes time to carefully dismantle the furniture and wrap it up for transporting thereby preventing any damage. We also make sure that the furniture is reassembled on getting to the destination.

Global Relocation

As a progressive thinking company, we understand that global mobility might be driven by growth opportunities, mergers and acquisitions or the implementation of new business strategies. To meet these organizational challenges, Basstop Integrated Service Limited considers cultural, political, legal and organizational constraints while addressing such needs as regulatory compliance, cost management amongst others. We are expert in global relocation from finding real estate properties, carrying out equipment or furniture relocation, exporting and taking responsibility of all the paper works in relations to clearing of the properties involved which allows you or your company focus more on its business.

OUR SERVICES

Door To Door Delivery

The purpose of production of goods and services are to meet a particular demand in time and at the convenience of the end user. This is why we at BASSTOP like to lend our helping hand to our client in making sure their products and service get to the door step of their customers. Our experienced, professional and progressive thinking team is always hands on deck to make sure our clients gets value for the services we render. With an affordable, time conscious, same day and next day door to door delivery service, we have been able to keep our clients going.

Haulage Services

Basstop Integrated Service Limited offer transportation of various products ranging from petroleum products, agricultural products, heavy duty equipment, building materials, cargo transporting and other raw or finished products. Our haulage services are not restricted by location as we operate both locally, on interstate level, regionally and globally. Our means and method are up to standard with more than enough capacity to carry out any haulage. We pride ourselves in timely delivery, safety of goods and services handled with expertise with an assurance of hitch free transit giving our client maximum peace of mind.

OUR SERVICES
