## Our Mission

To co-ordinate movement of cargo worldwide whilst aligning and resolving logistical puzzles for our clients cost effectively through our values.

# Our Vision

To be the preferred global freight forwarding partner to local and worldwide businesses, becoming the integral part of their logistics aspect.

## Our Services

### Freight Forwarding

We facilitate the movement of any big or small cargo, ensuring delivery always, both local and international by Air, Sea, Road & Courier through our network of dedicated agents.

### Road Freight

We co-ordinate transport goods efficiently across every border, ensuring the right solution to meet your needs, using a combination of traditional and/or customized concepts of approach.

We take a professional and flexible approach to coordinating the transport of your goods, from pick up to delivery of the freight throughout South Africa and Over-border in accordance to your schedule. Our experience and quality work ethic guarantees that your shipments will be transported safely to the destination by means of consolidation service, deliveries of complex part or full truck loads.

We offer trucking solutions for general cargo, hazardous loads, temperature controlled cargo and heavy sensitive equipment that will require air suspension trucks.

We service below destinations by road and not limited to:

South Africa, Zimbabwe, Mozambique, Botswana, Namibia, Lesotho, Swaziland, Angola, Zimbabwe, Zambia, Tanzania, DRC etc.

### Marine Cargo Insurance

If required, we arrange insurance for cargo in transit to cover the risk that may be encountered during transit. i.e loss, damage, theft, force majeure etc

### Customs Clearing & Compliance

Contact us for your clearing needs, we also arrange border clearance from port of exit to port of entry, ensuring that the cargo moves smoothly and without clearing delays while remaining customs compliant.

### Air Freight

Air cargo services to the clients who need their cargo need to be moved quickly, safely and cost effectively.

### Ocean Freight

Handling all types of containers and cargoes including special equipment. We also provide LCL consolidation services.

### Cross Trades

We provide movement and solutions for Cross Trade Shipments for cargo that is freighted by air /road / sea from one country to another country through our network, ensuring multinational movement of cargo.

## Project Cargo

We arrange for all modes of transportation including self-sustaining vessels, heavy trailers, rail cars, barges, and truck transporters for over-sized heavy, events and project cargoes.

## Cargo tracking Notes & Pre Inspections

FERI certificates for cargo to DRC

BSC certificates for cargo to Madagascar

Pre verification of conformity (Pvoc inspections)

## Warehousing

2020 Logistics and services provides warehousing safe and secure until goods are ready to be delivered depending on client's needs.

## Packing & Crating

We arrange packing of general & hazardous cargo in order for the items to be able to be transported and /or shipped safely.

We follow the latest regulations in accordance with international freight shipping industry requirements to prevent the spread of plant pests and diseases through professional packing and fumigation.

## Courier Service

We offer hand to hand courier service for relatively small and urgent local and international clients, including track and trace until delivery.

## Personal Effects & Household Goods

2020 Logistics and Services also handles Customs clearance & freight forwarding for your personal effects & household goods form South Africa to worldwide destinations.
