**Turkish Freight Forwarding Services, comprising
International Multi-Modal Commercial Transportation Services
out of (Export) and into (Import) Turkey, as well as
Domestic Transportation Services within Turkey
Including a 24 Hours a Day, 7 Days a Week, 365 Days a Year Service**

In reference to above referenced RFP we hereby recommend our good Turkish Partner "Alden Global Logistics" for the bidding and submission of this RFP Tender.

We have been working with them for a few years and have always provided a first-class service for our shipments to and from Turkey as well as services within Turkey. They have handled both NATO materials as well as business for Turkish Air Force. They are well represented in all Turkey with key contacts to many official delegates within both TUAF as well as the relevant customs authorities.

The team at Alden Global Logistics bring together a wealth of experience, especially in defense and aerospace business, of which the majority has had direct experience in handling NATO/NSPA materials over the years for previous freight forwarders which have worked for NSPA, therefore having already the knowledge and experience to handle the NSPA business in Turkey.

On behalf of Claridon Group Ltd who have worked with NSPA logistics projects now for over 25 years, we strongly recommend Alden Global Logistics for this RFP and share with you our sincere appreciation and gratitude for their outstanding cooperation and efforts and support them fully for this RFP tender

Warmest Regards

Subject: Reference Letter

To Whom It May concern:

It is a great pleasure to recommend Alden Lojistik to the Tender participation for NSPA Cappellen. Alden is currently under contract with Leonardo Aircraft Division in the scope of Meltem3 project for SSB customer operating all the logistic issue between France, Italy and Turkey on behalf of Leonardo.

Few years ago I was engaged for a project co Turkish Aerospace in Ankara and I was looking for a local logistic company with high performance to catch in time the schedule requested by my company and from the final customer. Since from the beginning I was impressed from their efficiency and their positive approach, they can arrange a transportation all around the world and expediting customer clearance based on your needs.

Another quality that I want to highlight it's their availability 24/7 and arrange, when request an urgent shipment very fast with excellent results.

I totally recommend Alden, with no doubts due to their high standard quality and knowledge of their business.
