# Corporate Philosophy

Our company focus is oriented on our vision, mission, and central values as the long-term foundation for positive, value-creating cooperation with our customers, employees, and service providers

## Vision

The best made-to-measure logistics solution.

**Anytime. Straightaway.**

## Mission

We know future customer requirements and transform them into smart logistics solutions. By intelligently networking people, organizations, technologies and data, we make the decisive difference and exceed expectations.

**Always.**

## Values

- We deliver **Performance**
- We give **Appreciation**
- We live **Customer First**
- We act **Smart**
- We are a **Team**

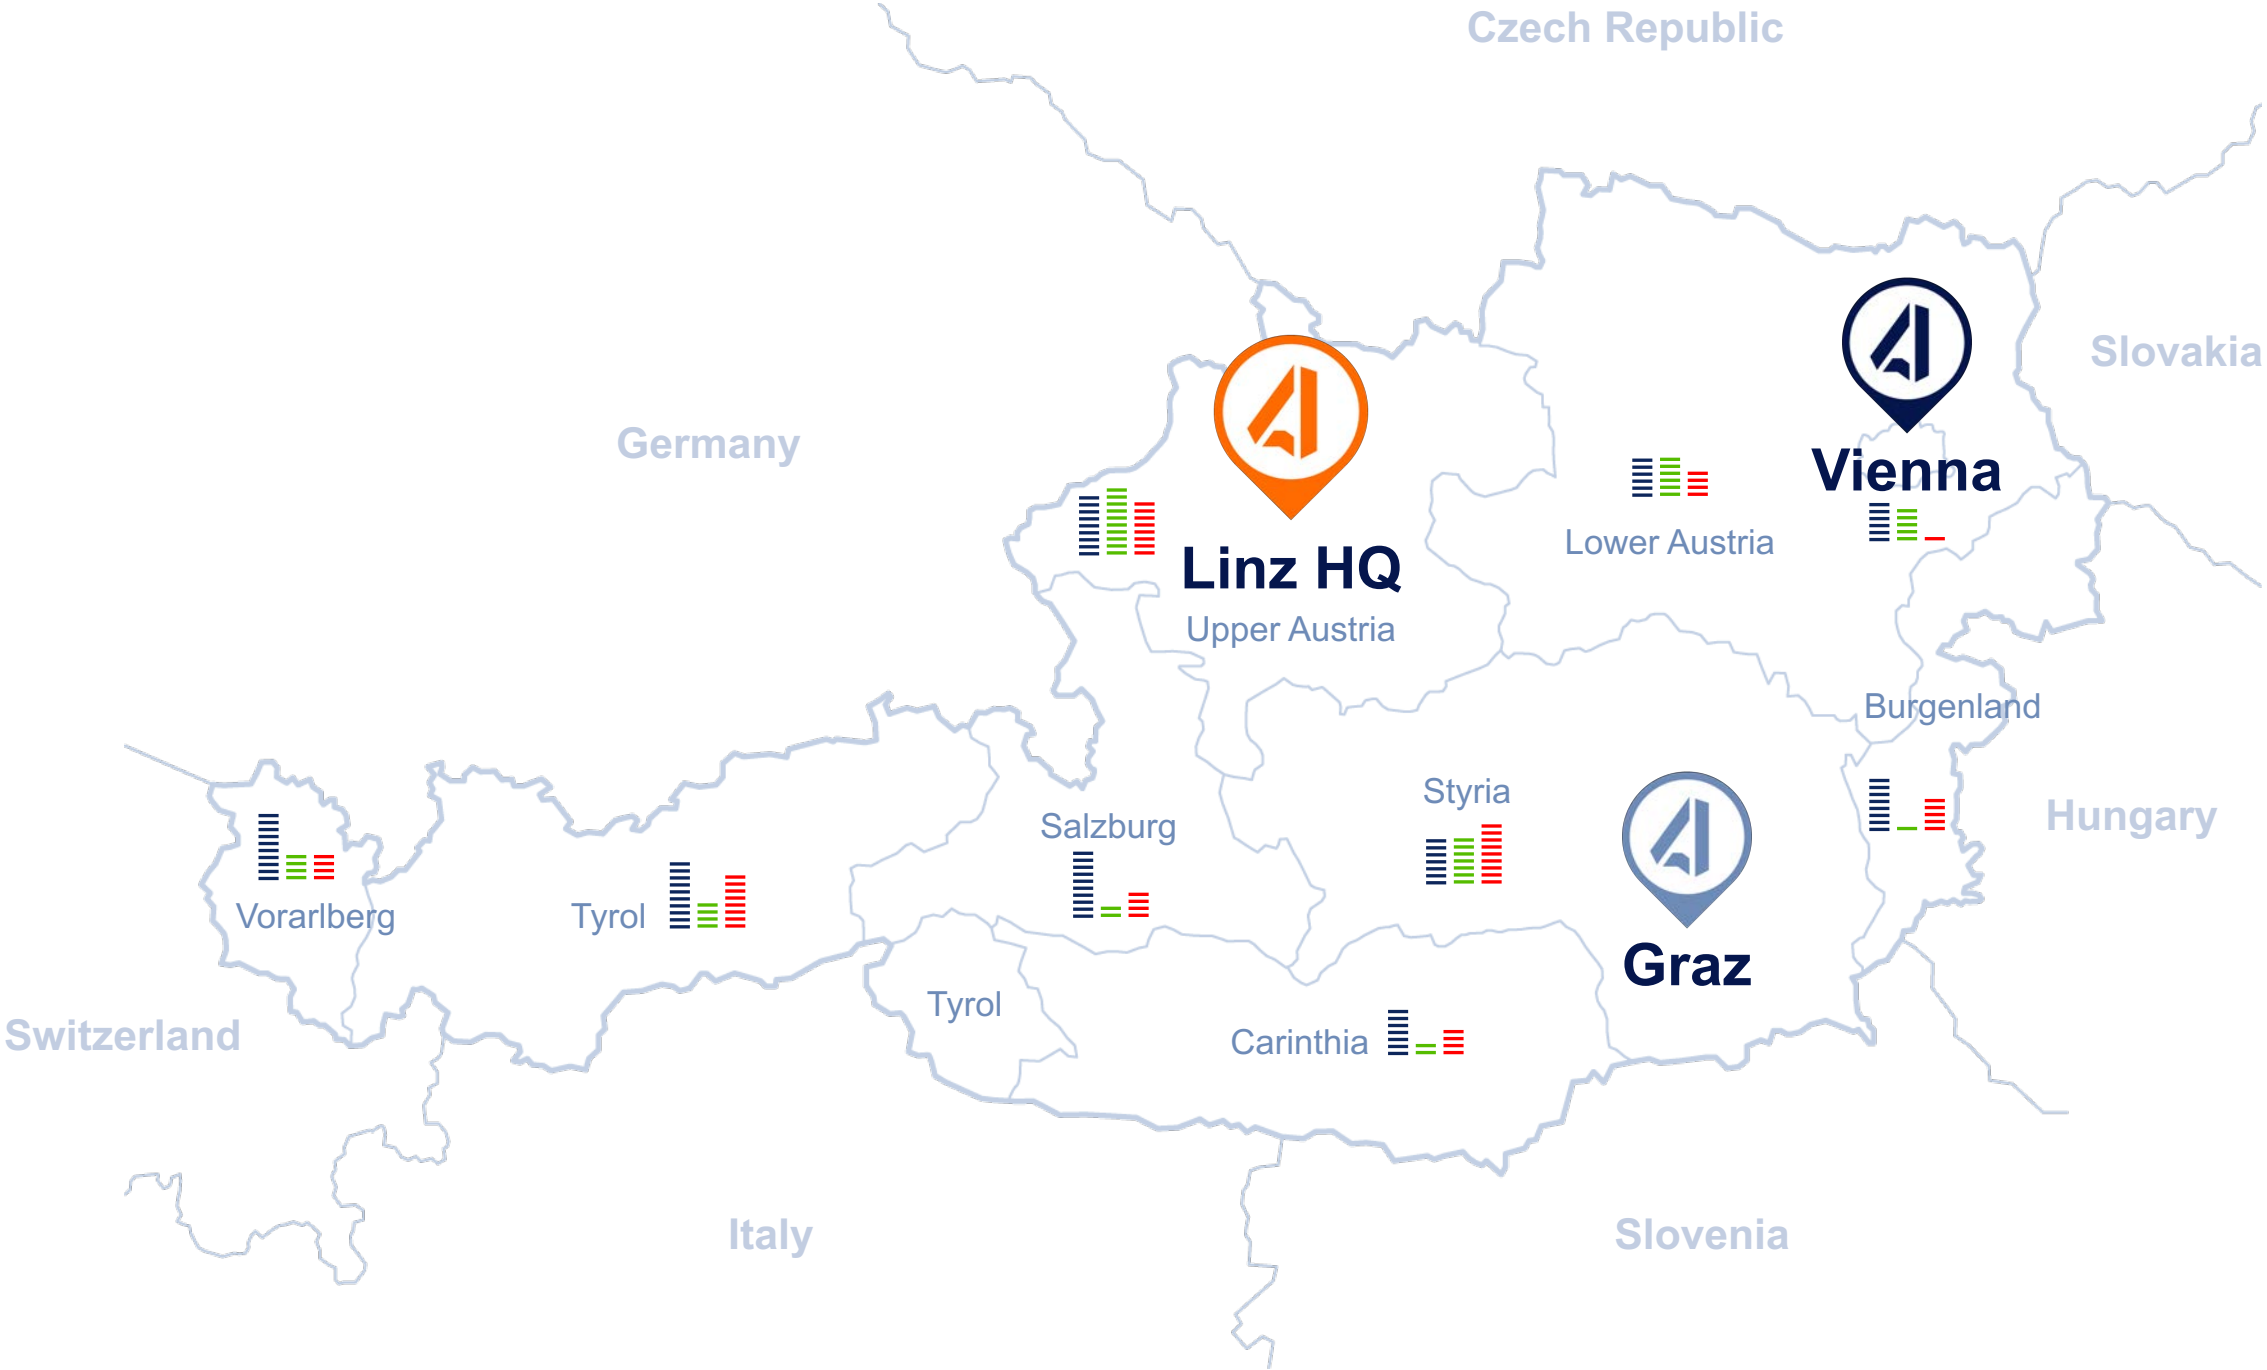

# Service Radius

ACS Logistics, based at Linz Airport, is a regional specialist with close proximity to the customer and a direct service radius spanning Austria.

- Export Share
- Total Order Value
- Number of Manufacturing Companies

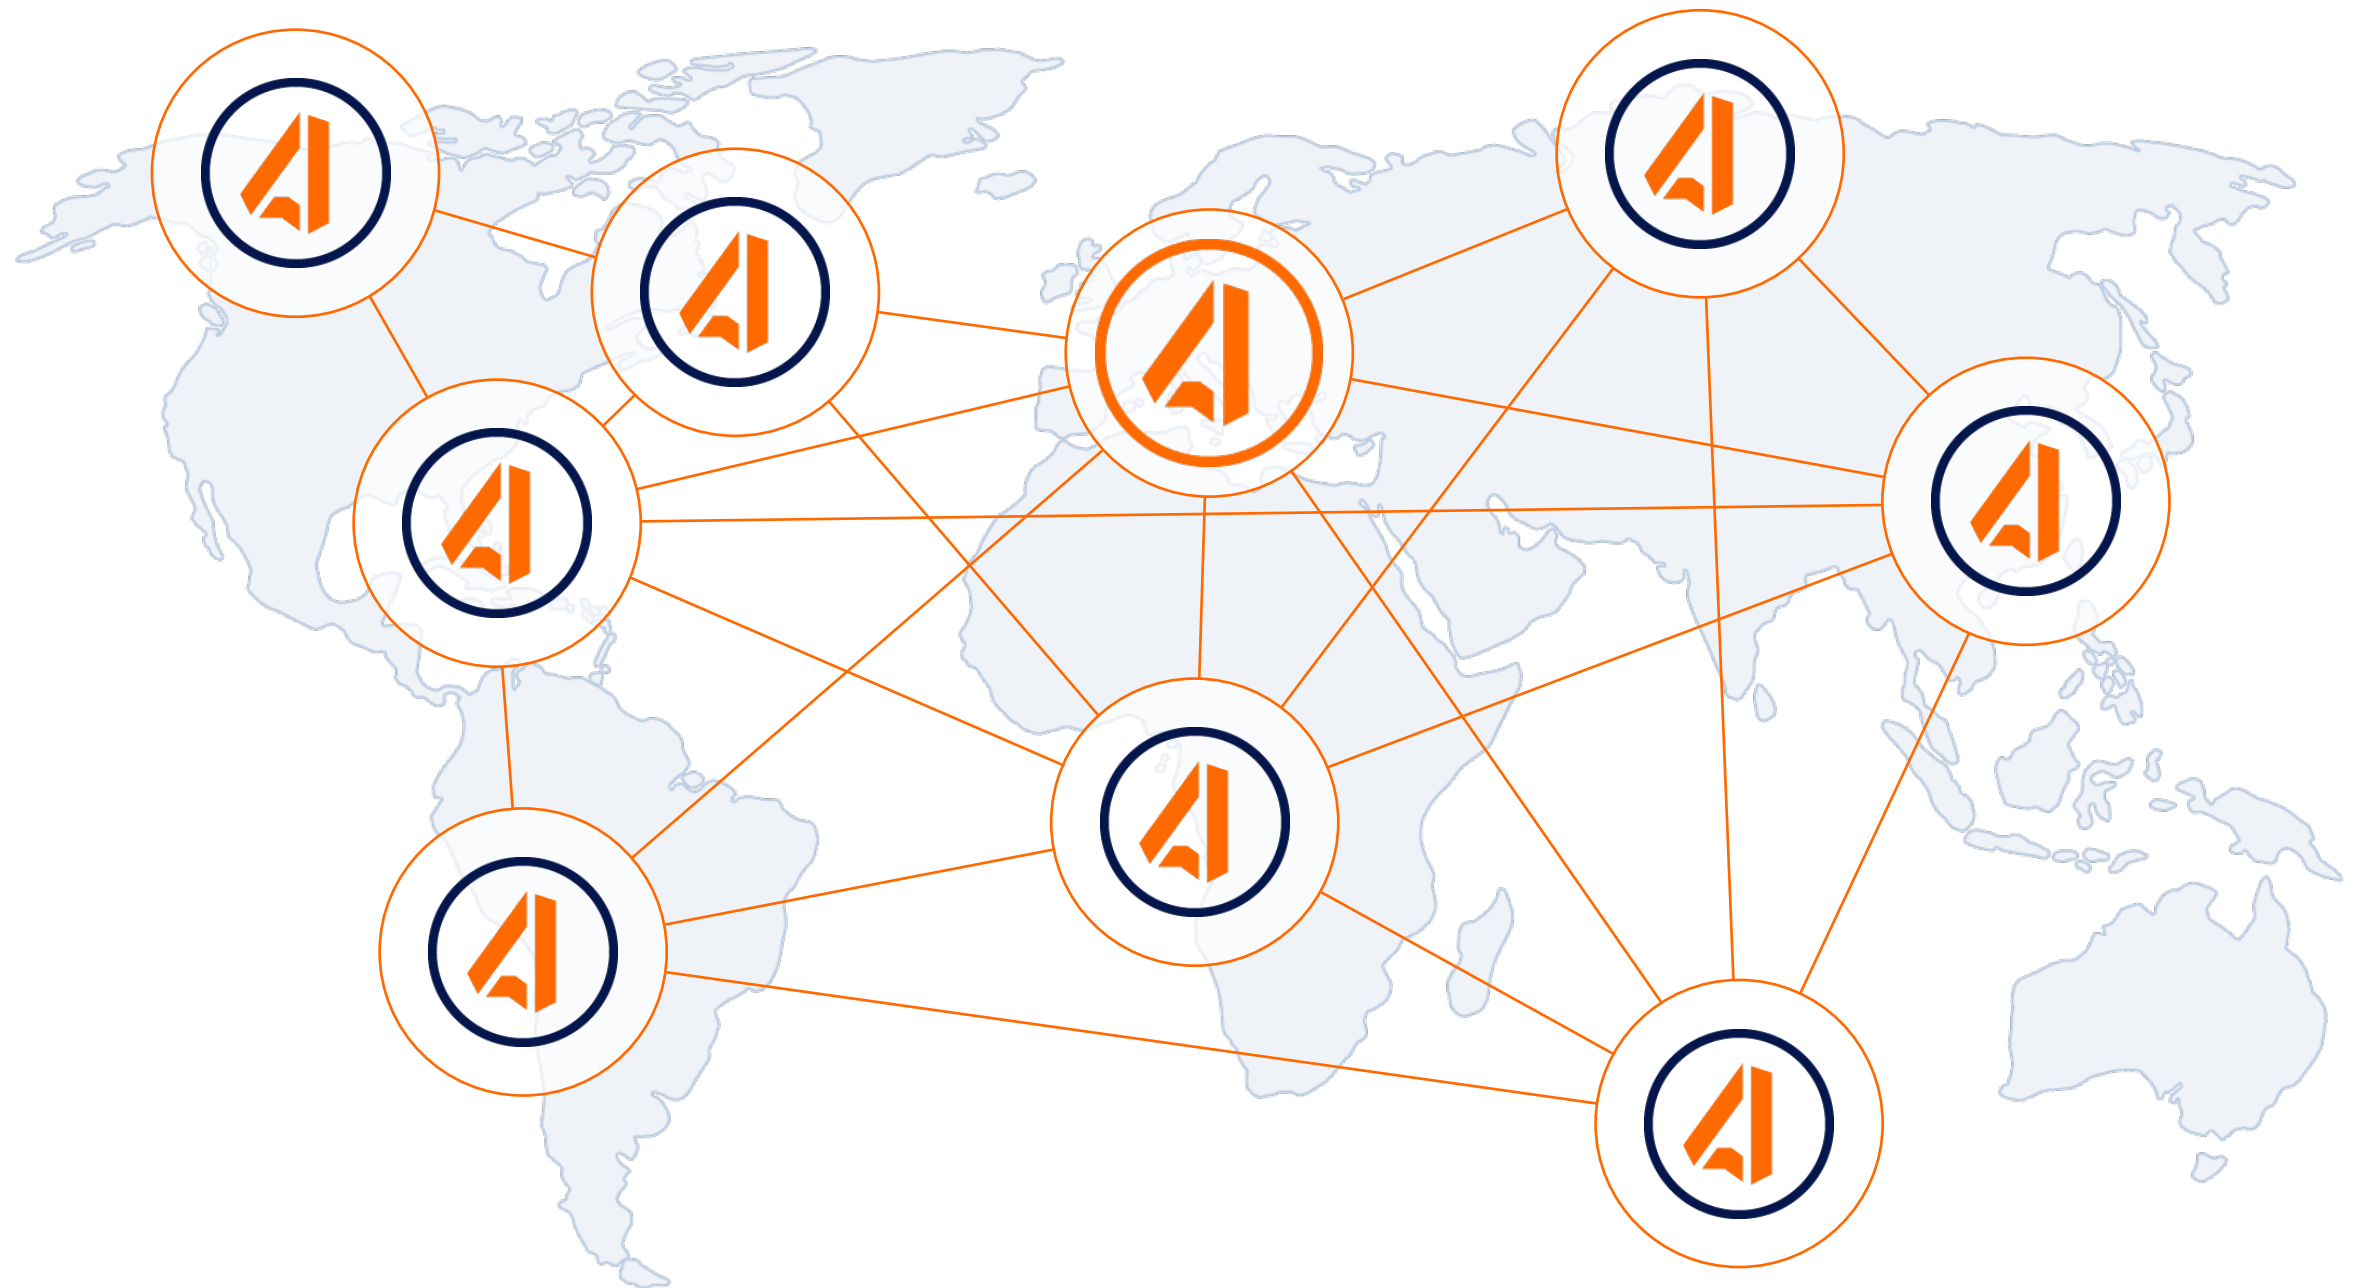

## Partnerships & Network

We consider being one of the last remaining, truly independent and completely neutral acting Austrian based freight forwarding agents specialized in air and ocean freight as a unique potential and are diligent to maintain our position.

We believe in the value of maintaining long-term partnerships with Customers, Agents, Service Providers and Employees.

**Local Presence – Global Reach!**

# Our Product Portfolio

## Transport

The foundation of our extensive, service-oriented product range. This core product can be supplemented as required with value added services from our other two product groups.

- Air Freight
- Sea Freight
- Road & Rail
- Project Logistics
- Courier-Parcel-Express

## Logistics

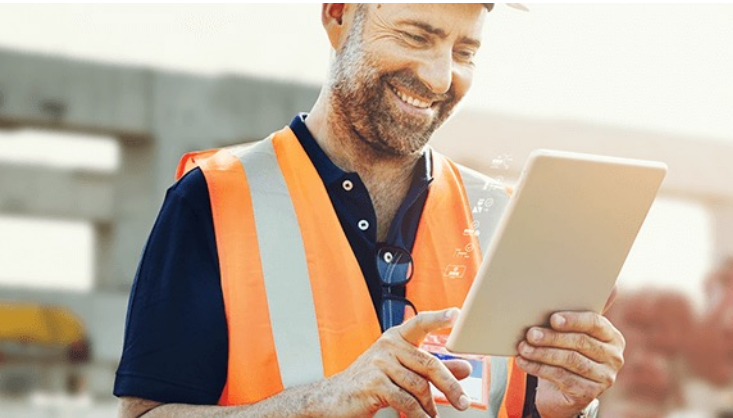

The product group of our mostly physical value-added services. No matter if as part of one of our transport products or as a sole service in itself, you have the choice and we have the solution.

- Warehousing
- Transport Packaging
- Fullfilment
- Vendor Managed Inventory
- Distribution
- Customs Brokerage

## Solutions

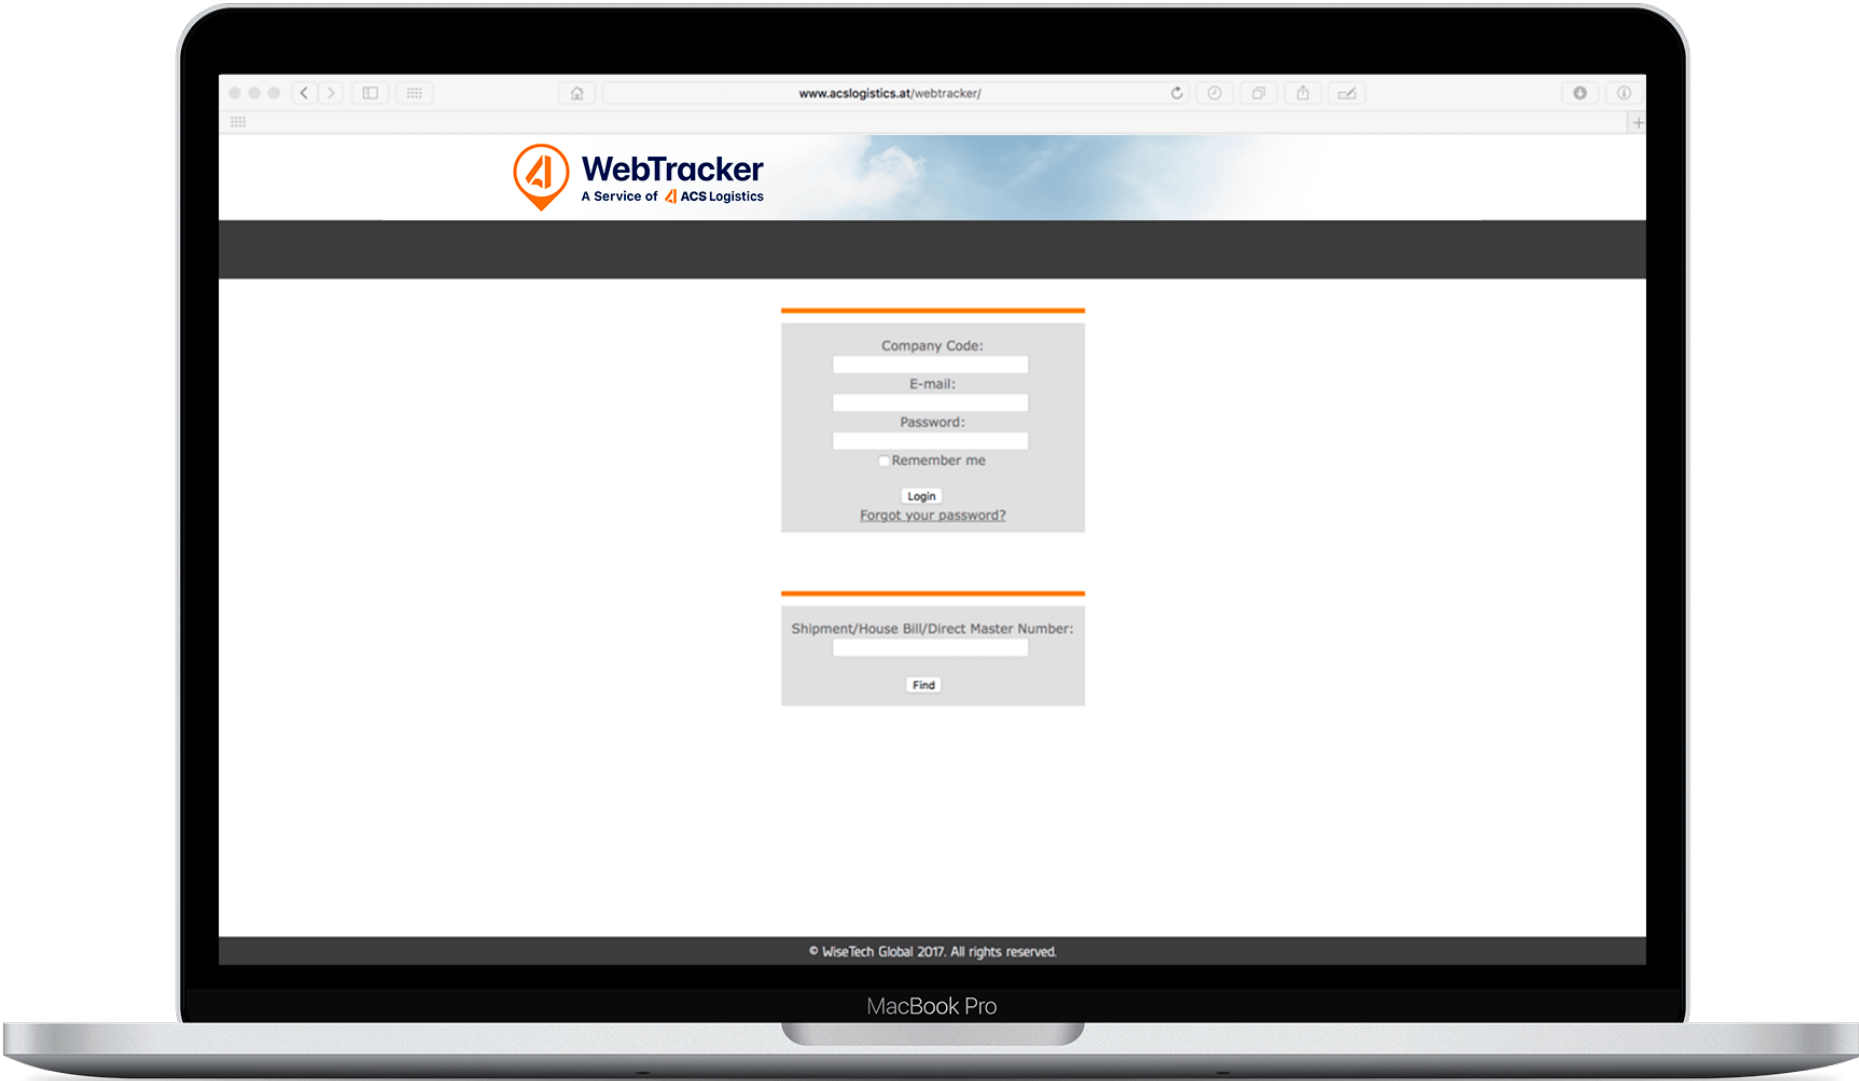

Innovative, reliable implementation, technology and methodology are the attributes of our supply chain solutions, strongly focused on order and shipment visibility as well as tailor-made information logistics

- Supply Chain Visibility
- Supply Chain Technology
- Solutions Engineering
- Cross-Trade Operations
- Care 360

# Customer Portal WebTracker

Our customer portal WebTracker supports planning and forecasting processes, offers full visibility and allows online bookings as well as customized integration of any involved party on one joint platform – 24/7/365.

**Planning &  
Forecasting**

**Visibility &  
Monitoring**

**Event  
Management**

**Reliable  
Reporting**

# Awarded for Excellence

Our goal is to offer the best logistics service available on the market through great and reliable performance. This commitment, which is anchored in our core values, has already brought us several national awards.

2020 • Rank 5  
**Austria's Leading Companies**

2020 • Top 3  
**Hermes Business Award**

2015 • Top 10  
**Austria's Leading Companies**

# Supply Chain Technology

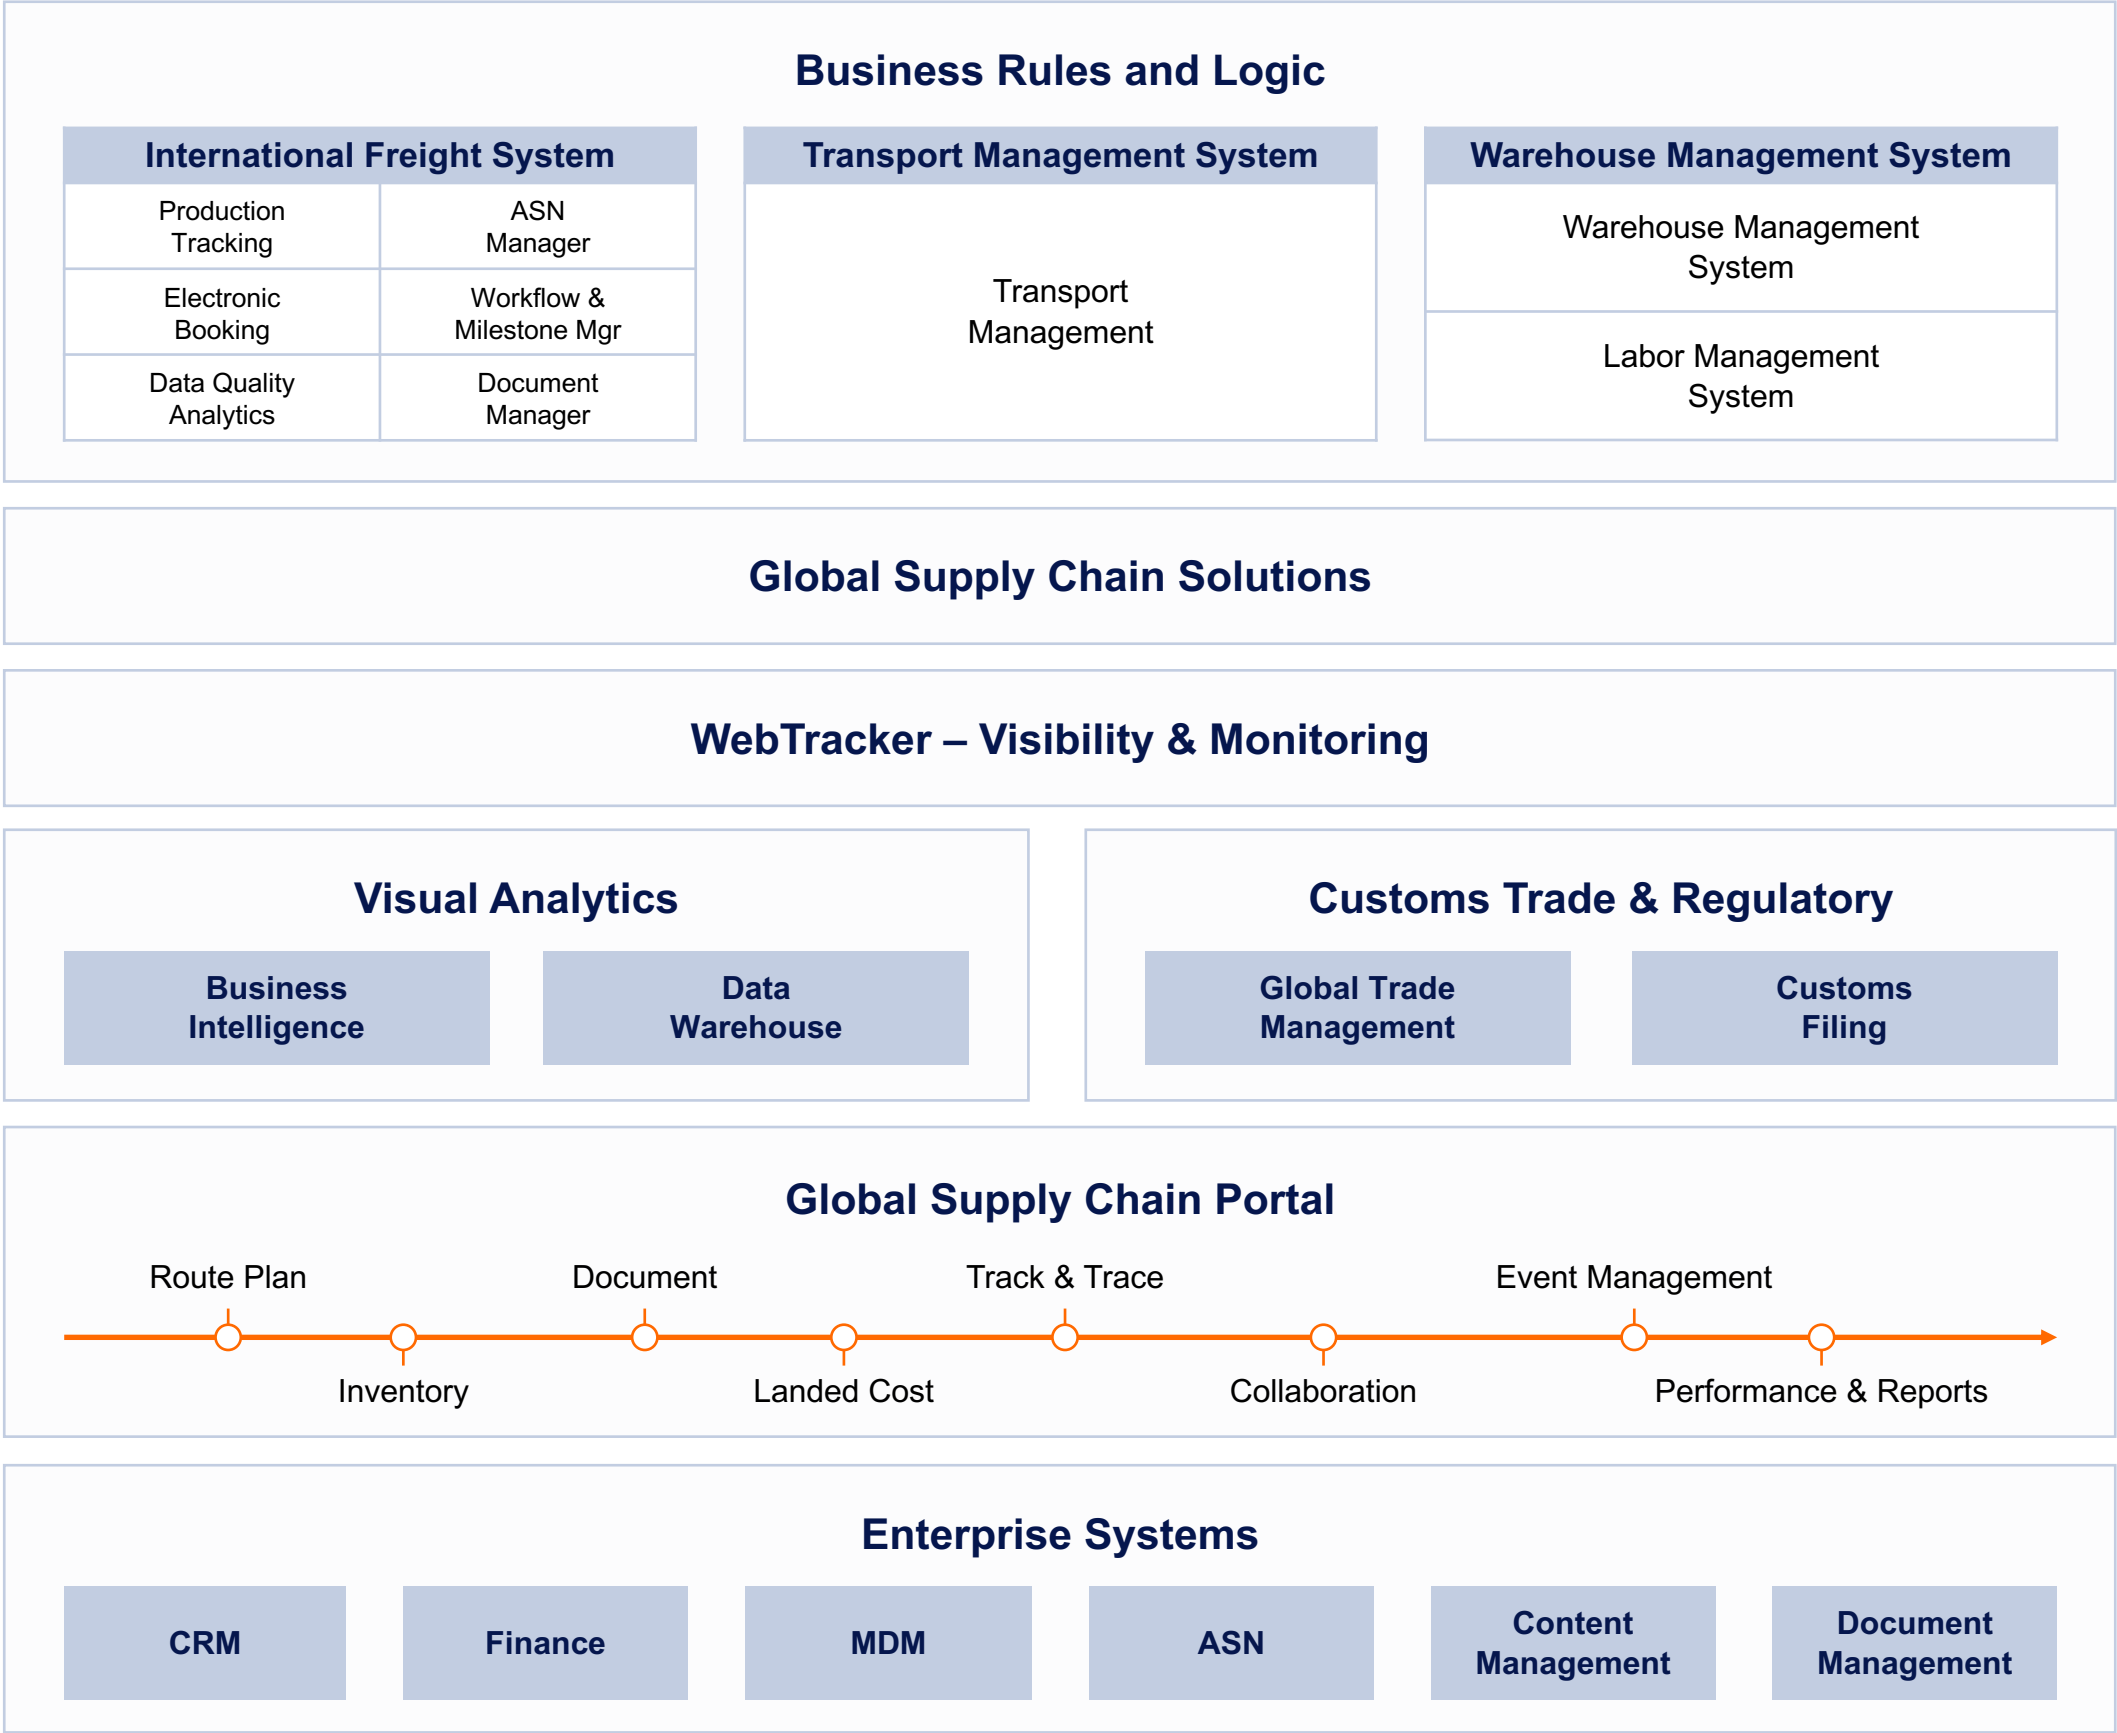

Every transport order is subject to end-to-end planning and therefore also to an automated performance control.

## CargoWiseOne

-  Forwarding
-  Land Transport
-  Customs Clearance
-  Track & Trace
-  Liner & Agency
-  Geo Compliance
-  CFS
-  Enterprise Capabilities
-  Warehousing

Data Interchange (EDI, XML, Devices and Web Services)

# AEO-F Certification

Authorized Economic Operator –  
Customs simplification and security  
(AEOC/AEOS)

The status of Authorized Economic Operator enables companies, among other things, to obtain permits for customs procedures with economic importance and other simplified procedures within the entire European Union in a simple procedure without extensive further checks.

In this respect, to have the capacity to fall back on uniform standards within the entire European Union is of great importance.
