a company dedicated to
international logistics and
customs brokerage

WHO ARE WE?

UTS, which started its life as a
Customs Consultancy Company in
1996,

in 2004, taking the document IATA Air
Freight Shipping has been one of
Turkey's leading companies.

Incorporating both Customs
Consultancy and Air Cargo
Transportation, UTS can thus provide
its customers with fast and most
importantly door-to-door service in
matters such as document,
information, cargo tracking.

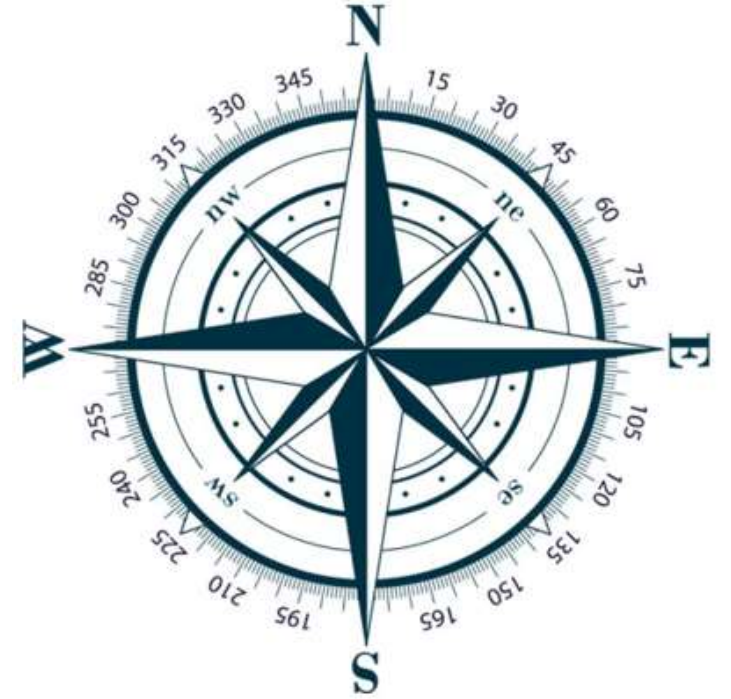

MISSION, VISION, VALUES

Our mission is: To create complete and adequate solutions in the Logistics and International trade area, that meet our customer's needs with quality and reliability, resulting in long-term relationships.

Our vision is: To be a recognized company known for its excellence in delivering services, constant updatings and searching for viability of our customer's needs, partners and the market as a whole.

Our values are: Client satisfaction, Appreciation and Respect to the people, Clear and Accurate Communication, Ethical and Clear Relationships, Confidence and Commitment

SERVICES

SEA TRANSPORTATION

In sea transportation mode, we gather different types of equipment and shipment consolidation services, making sure that your cargo is delivered to the chosen location, within the agreed transit time at best cost-effective. We work with several sea lines covering the main ports around the world..

ROAD TRANSPORTATION

In Road transportation mode, UTS works with national road transportation to move import and export cargoes within the country, enabling us to offer a door-to-door service for all customers. We also act as forwarders (in prepaid/collect terms) for international destinations such as: All Europe, Russia, e.t.c.

AIR TRANSPORTATION

In Air Transportation mode, UTS works with all of the airlines directly due to IATA licenced company. This is provide us more flexible to gather all origins, destinations, imports and exports of most varied segment.

CUSTOMS CLEARANCE SERVICE

UTS is licenced customs brokerage company also UTS able to attend all needed advisory for you and your company can operate with safety and confidence on operations related to Import, Export and Transit customs procedures

UTS, with its expert staff in the field, widespread agency network around the world and the experience it has gained over many years, is to provide its customers with all large and small cargoes that need to be delivered to long distances in a short time to their destination. In addition, UTS has been working one-on-one with all Airline companies with the advantage of being an "IATA authorized Cargo" agency for more than 20 years. Thanks to this advantage, it is easier to track the cargo, and it is also reflected in fast information flow and most importantly, transportation prices.

As UTS, we prioritize diversity in our airline transportation services we offer to our customers. For this reason, we can quickly respond to all your air transport needs, starting from small (minimum) cargoes to large-scale complete charter aircraft shipments. Regardless of your industry, we focus on providing a low cost advantage in the field of international airline logistics as well as all our transfer options for your fast and economical transfer needs.

With our experience of more than 25 years, our experienced experts are at your side with all kinds of logistics solutions for all your shipments that your company needs. Thanks to its wide and widespread agency network, UTS provides service to every port of the world with its experienced maritime trade experts.

While UTS is aware of what our customers want as a logistics partner, it provides efficiency and consistency to you, our customers, with its experience in maritime transport, overseas shipping or partial transportation of your containers.

We have a wide network of partnerships with the world's leading container ship owners. In addition, we also offer various domestic / international domestic transportation and customs clearance services to our customers. We have experienced sea shipping experts to help you find the right solution to meet your needs.

In Road transportation mode, UTS works with many trucker companies road transportation to move import and export cargoes within the country and out of country enabling us to offer a door-to-door service for all customers.
