**LTN  
LOGISTICS**

## COMPANY PROFILE

# Leading Logistics Provider

**THE BEST PEOPLE. THE BEST TECHNOLOGY. INFORMATION WHEN AND WHERE YOU NEED IT. SUPERIOR PERFORMANCE OF YOUR GLOBAL SUPPLY CHAIN.**

There is no substitute for a logistics partner with a proven track record. The right industry expertise. The commitment to provide exceptional value and service. To help you meet the increasing complexity and challenges within your supply chain.

- LTN manages lead logistics for some of the world's leading multinational manufacturing companies. Customized solutions that help global shippers analyze, develop and implement successful logistics management strategies. To reduce operating costs, cycle time, inventory, and liability risk. And optimize shipping, warehousing and distribution
- Global process control through assessment and analysis, tight management of multiple modes and oversight of 3PLs and carriers. All linked to performance metrics and project management that yield results
- Complete visibility of every step in your supply chain. Industry leading transportation management tools ensure complete control, visibility and transparency of all your shipments

## Global Network Services

**A SMARTER WAY TO THE WORLD AND MORE.**

At LTN Global Network we understand service excellence. It is about absolute competence punctuated by geographic access, solid execution, quality information and talent you can trust in every market that matters.

LTN Global Network is about catering to astute shippers who demand a higher caliber of transportation and logistics expertise. Global traders who, in a dynamic global marketplace, expect to be treated like a customer. Not a commodity.

LTN Global Network is a select group of logistics and transportation specialists, many family-owned, in more than 120 countries. Renowned in our local markets, and unified by Smart information and old fashioned values like accountability and the enduring trust earned one customer one shipment at a time.

## LTN Profile

***To compete in the new normal economy, logistics managers must pick their service partners carefully, linking new-fashioned expectations with old-fashioned know how.***

That's why some of the world's most respected companies trust LTN International to execute their most demanding air, ocean and ground logistics and transportation operations. Having Served the Industry for over 18 years, we are the Industry Leaders serving some of the major Business Houses and Manufacturers in Jamaica.

For over six years, we have deployed the best transportation and logistics information tools, as well as experienced people at the point of customer contact to help our customers grow.

Our approach is simple: We get to know our customers by listening and learning about their needs. Then we deliver individual solutions that improve effectiveness and minimize spend:

- Reducing costs of existing processes
- Improving cycle times
- Entering fast-growing markets
- Analyzing, designing and managing logistics processes
- Planning for rapid economic growth
- Developing infrastructures that flexes with changing business demands

A privately owned company headquartered in Jamaica, LTN Logistics International is founded on a vision to be the best global logistics provider in the world. Today, you'll find LTN People over-achieving wherever you are – with our Logistics Partners between Beijing and Brussels, Singapore and Sao Paulo, Toronto and Tokyo, Milan and Manchester, and in more than 45 cities across the globe.

# From the President

## WELCOME

*Thank you for visiting LTN Logistics International  
We're really glad you're here.*

Allow me to introduce myself and tell you a little bit about our company. I've personally had the privilege to serve as LTN Logistics International's president since 2006. Everyone within the LTN family has a commitment to the continued success of our company. In turn, we have become one of Jamaica's top privately owned logistics service providers.

How are we able to succeed? First, we listen to our customers, and then go the extra distance to provide the best and most appropriate service possible. Second, we continue to invest in our company with aggressive initiatives such as the global integration of our technologies and employee training, so we're prepared to face tomorrow's challenges and best serve our customers worldwide. Doing what's right today while keeping our eye on the future is what keeps LTN moving forward in a positive direction.

How can we best serve your global logistics needs? We welcome the opportunity to talk with you to find out how we can offer your company the global scope you require with the personal attention you deserve.

Sincerely

President

Lorraine Thomas – Harris

LTN Logistics International

# The LTN Experience

## IT TAKES THREE PRECIOUS ASSETS.

People, process and technology that reach beyond common performance. To deliver the finest service experience in the world.

It begins with a solid understanding of operating standards and processes. Understanding the logistics requirements of our global customers and supply chain partners. And implementing continuous improvement initiatives to ensure the tools and processes are in place to deliver a service experience of unexpected value.

Accountability: Combining experience you can trust with performance you can measure.

- Monthly report cards for each LTN Customer around the world help us continually raise our performance bar
- Internal file audits help us evaluate and fine-tune our processes

Customer Care: “Small enough to care, large enough to leverage value” is the way we have conducted business for 6 years.

- Privately owned, we never lose sight of what matters most
- Nimble to changing business conditions, we provide the follow-through you expect
- Training and education for our people to promote professional growth and achieve higher performance levels

Enduring Relationships: Enhanced communications ensure people and processes are working in concert to deliver seamless, quality customer service.

- Solid operations and flawless execution
- Experienced local leadership and staff who thoroughly understand local laws, cultures, business practices and regulations
- **First and only Customs Broker to be invited to World Customs Organization (WCO) to participate in Tariff Related Matters by the Director General of the WCO. We were single handedly selected because of our expertise and knowledge of the Customs Harmonized Tariff Systems.**
- **Member of the Freight Forwarders International Association (FIATA)**
- **Registered and Certified Jampro Exporter**
- **Dangerous Goods - Exporter**

## **THE ROLE OF A CUSTOMS BROKER**

### **What does a Customs Broker Do?**

- 1. Prepares and file Customs Entries to help effect the release of import shipments**
- 2. Assist Importers with the CORRECT Tariff classification of their imported Products, help o ensure the correct Customs Duties are PAID.**
- 3. Files necessary paperwork or electronic ASYCUDA Entries to obtain Customs Release from Government Agencies.**
- 4. Arrange transport to help ensure the shipments/consignments are delivered to the Consignee/Importer.**
