

TRANSFARO Logistic's vast and extensive network of branches coupled with the excellent relationship we have with overseas forwarding partners, enables us to offer quality freight forwarding services, both by sea and air. We have the capability in international logistics to deliver goods, as desired by our clients. Additionally we have a distinct advantage of being a licensed Customs broker.

Our specialized knowledge of freight forwarding services has been instrumental in our phenomenal growth. Utmost care is taken to maintain quality standards in service, throughout every stage, right from the loading of the cargo, to the warehousing and actual transshipment of the consignment; we ensure that there is no complacency when it comes to quality standards.
