

Hubnet Express

Company Profile

First Class Service Provider

Concept

The Story of Messenger

Hubnet Express is known by its Racing Pigeon Company's mark. The Racing and Carrier Pigeon is the faithful man's companion since the Antiquity. It was the faithful messenger of Carthage, Rome, Egypt and China, but also the ultimate communication mean used by famous figures such as Rothchild, Reuter or the Antwerp's Carriers.

As we enter the 21st Century, it is without surprise that we still use this remarquable messenger for rescue operations or even for reason of security and safe communications.

Thus, Hubnet Express like the Racing Pigeon, provides the secure, reliable and peace of mind flying all over the continents.

■ The First Class Bio-Pharma Transport

Hubnet Bio-Pharma, a division of Hubnet Express group, is reputed as The First Class Clinical Trial logistics specialist in Asia and Europe, have provided Outstanding quality services to the healthcare, life science and Pharmaceutical drug R&D as well as to several prestigious medical firms since 1996.

The First Class Fine Arts Transport

Hubnet Express has been "The First Class Fine Arts" handling and transportation specialist for more than 10 years, providing Museum Quality Arts Transport and Logistics in Japan and International Export worldwide for Museums, Auction Houses, Institutions, Galleries and private art collectors.

SPL(Service Parts Logistics)

Hubnet Express offers Premium Time Critical Logistics Services to the IT spare parts and service parts divisions of several prestigious 500 Fortune Companies who require a competent partner to help them in streamlining their Service Parts Supply Chain Management System.

The First Class Bio-Pharma Transport

Our Capabilities:

White Glove services

With our National Network of more than 90 Depots in Japan, our "white glove" well trained staff are capable of collecting items from any hospital and will trans-ship them to our Control Sample Centers.

They do so with the utmost service in mind, controlling and double checking the content, the packaging and the documentation of each shipment. Whether they are frozen with dry ice, or ambient packaging we will monitor it during all stages of its trans-shipment until the final destination.

Studies and Project Planning and Execution

From early stages, we will participate in all meetings involving all parties, we will customize the local SOP for each study and Protocol's operations as well as coordinating with the investigators sites.

We will also ensure that our overseas Agents will arrange smooth customs clearance and delivery on time to the clients' Laboratories.

Our Strengths

- 1-Our wealth of experience in supporting the logistics needs of the most prestigious and very demanding Japanese customers in transporting their temperature sensitive specimens without a single failure...
- 2-Our commitment to learn and to support a culture of continuous improvement with regards to quality and productivity...thus giving our clients increased peace of mind.
- 3-Our commitment to providing continuous training to our staff members in order to advance the professional level of these "First Class Providers" thus exceeding our clients expectations.

4-Packaging materials: All types of Packaging are available at our premises whether for Frozen or Ambient, UN or DG package with different sizes and necessary labels for immediate handling, collections or export.

The First Class Fine Art Transportation

•White Glove Service

At all times during all transit stages, our experts ensure outstanding care of handling... especially during collection, installation or de-installation of the exhibition.

Professional Packing and Crating

Whether it is a simple lithograph, woodblock, silkscreen or valuable etching print...artifact, framed oil-painting, bronze sculpture, or an Antique Stand-glass, Hubnet Express will design and create the appropriate customized packaging for safe delivery.

•Warehousing and Logistics

With our temperature controlled warehouse in Central Tokyo and with a network of 107 Depots in all Japan, we have the capability for full storage handling. Also with our selected worldwide specialized agents we can offer the same quality services overseas as well.

Project Planning and Assistance

From the early planning stages, to the execution... until the termination of the exhibition or the show, Hubnet Express will extend consulting services and coordinate each project together with our customers, providing periodical reports and information pertaining to each project and its stage of progress.

We determine together the means of transport whether it be by Air, Sea, Road or even "Professional Handcarry Service" for small fragile and often priceless pieces.

Accreditation and Compliance

We are an IATA member and Freight Forwarder in Japan Member of JAFA. We are Licensed from the Ministry of Land, Infrastructure & Transportation for Courier and Cargo handling. We are Licensed for warehousing and storage. We are approved(RA) Registered Airport Security Agent in Japan

We comply with Japan's Rules and regulations pertaining to Labor Laws, Customs Clearance, and Privacy policies.
