# INTERNATIONAL INSURANCE

Goods carried are capable of generating an economical damage to their owners due their transport risks. We cover damages for loss or damage occurring in transit for goods properly packaged and shipped .

We have the experience and solvency necessary to provide excellent support to our beneficiaries.

The advantages of the service are:

- All Risk Coverage : Covers all risks to which it is exposed during transport their merchandise and are a consequence of it .

Among these we can mention : the time of loading and unloading , up to a total of 60 days in Intermediate warehouses and up to a total of 60 days in Port of Destination .

- Door to Door : The insurance ends when the goods are delivered to their final destination .

Easy and fast : does not need prior authorization (with exceptions)

Make to the security of cargo, minimizing operational risks and giving rise to its tranquility during transport their goods from origin to final destination.

Not to see the insurance as an expense but as an investment in your peace . Remain at your disposal for any inquiry
