CORPORATE PRESENTATION

LOGISTICS
WITH PASSION

CORPORATE PHILOSOPHY

Our business culture & practices are guided by our corporate philosophy. Our purpose is to deliver high-quality, efficient and innovative logistics services to our customers. While doing this, we strive to become a respected and responsible member of our country's freight forwarding community.

RESPECT

We treat everybody with politeness and kindness, irrespective of their race, religion, gender, age or ethnicity. We listen to others' viewpoints and ideas to change our processes and improve our workflow.

OWNERSHIP

We trust our employees to take initiative and do the right thing as part owners of our Company. They have freedom to make decisions and are responsible for the quality and timeliness of the results.

INTEGRITY

We are honest with ourselves, our partners and customers. Our work lives and way of doing business are guided by truthfulness, trust and transparency. For us, our moral and ethical principles come before Company profit.

GLOBAL COVERAGE

We move freight globally, from small packages to planeloads of cargo, anywhere in the world. Our team of professionals are capable of dealing with shipments of any size, weight, complexity or routing - handling all aspects of logistics, whatever the circumstances, geography or mode of transport required.

TECHNOLOGY-DRIVEN GROWTH

We embrace innovative, cutting-edge technologies to drive our growth and stay ahead of the curve. This is reflected in how our work processes are designed and how our aviation-grade customer service works. We standardize and automate the mundane and focus on what truly matters - our core business.

CLOUD ACCOUNTING SOFTWARE

We use Xero to manage our accounting, automate invoicing & quotation, track our books real time and keep our customers in the loop.

G SUITE FOR BUSINESS

Our documents and workflow live in the cloud. We use Google's cloud-native productivity suite for document exchange & real-time collaboration.

WCA PARTNER PAY

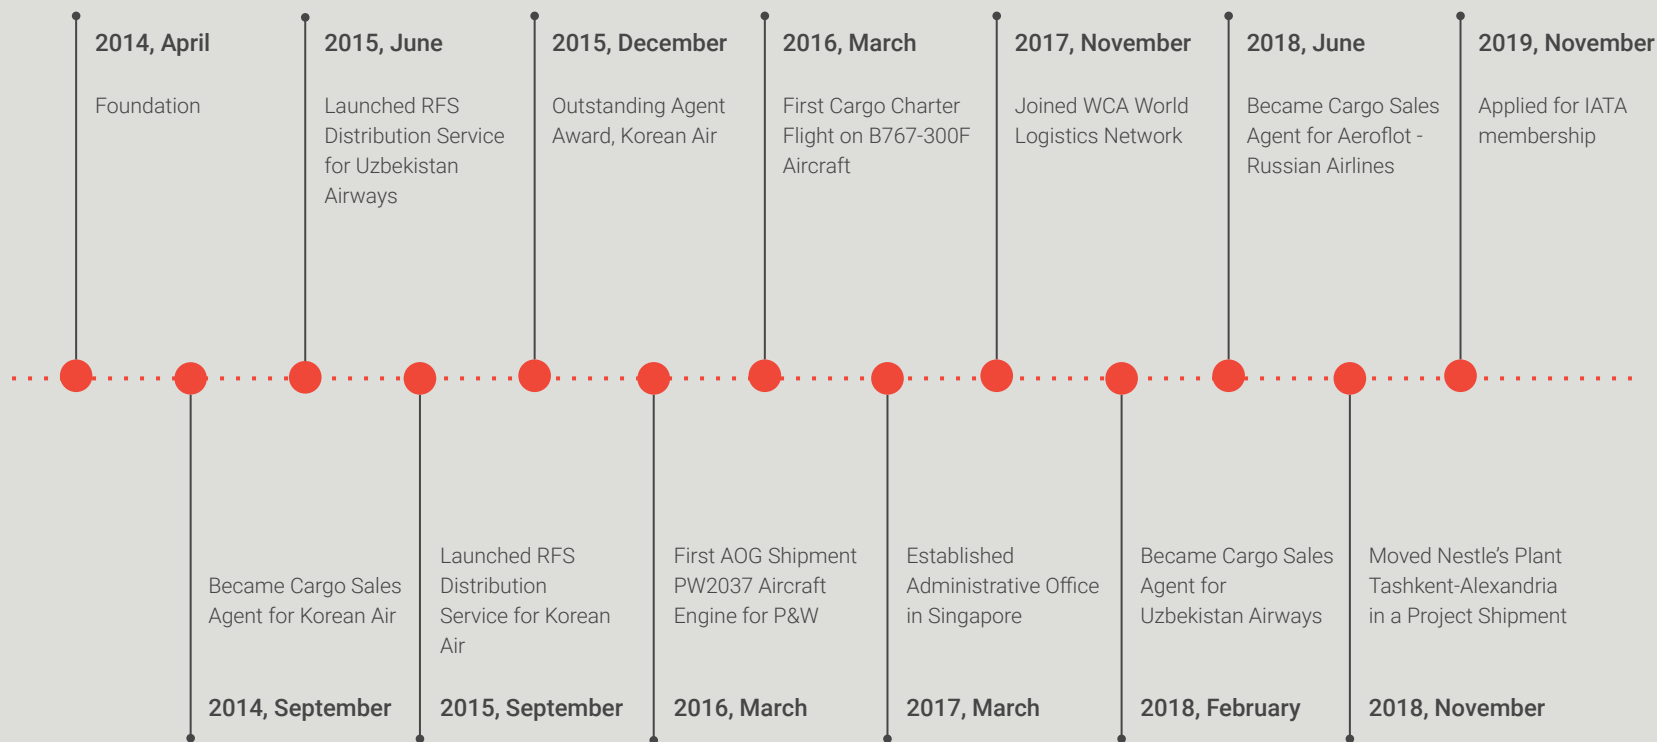

We use WCA's secure online payment system to settle accounts with fellow WCA members - our customers & vendors - safely and near real-time. A big saving.

LOGITUDE WORLD

We use Logitude - state-of-the-art cloud software for freight management. It allows us to efficiently manage our sales, operations & interaction with customers.
